

Innovate with AI

Learn. Build. Pitch.

In this hands-on workshop, participants work in teams to solve real-world problems using AI. Participants learn prompt engineering, design thinking, and systems modeling, and then pitch their ideas to win prizes.

Innovation with Responsibility

Responsible AI use includes thoughtful, ethical, and environmentally sound decision-making.

The Journey

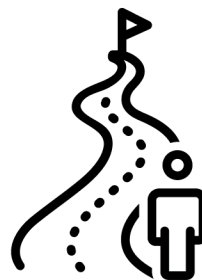

Saturday, Oct 24th, 2026

10 AM to 2 PM

Brunch is provided!

Laptops will be available for teams who do not have their own.

The goal is not AI for AI's sake.

It's learning how to use emerging technology thoughtfully, to **make something better.**
