INGENSA CAPABILITY STATEMENT

Complete Facilities Solutions for Schools, Cities & Counties

As a single-source program management firm, InGensa Inc. provides clients with efficient planning and innovative solutions to build new, renovate and improve their facilities. Our mission is to deliver optimum environments through ingenuity, authentic collaborative engagement, and data-driven solutions. **Through collaborative planning and advanced strategies, our buildings become more efficient, comfortable, and productive – promoting healthier, more sustainable communities.**

Core Capabilities

Facility projects and operations can be overwhelming and take away precious time from institutions serving students, parents, staff, and community members. InGensa takes responsibility for project pre-planning and development, ensuring accurate estimates and reliable financial solutions. Creating and managing collaborative teams, we partner with our clients to organize the work of architects, engineers, contractors, and other needed professionals.

InGensa oversees all aspects of the project from start to finish so you can focus on meeting the strategic goals of your constituency.

Services Offered

- Facilities Assessment
- Long-range Facility Planning
- Design and Construction Management
- Stakeholder Engagement
- Strategic Planning
- Referendum Planning
- Communications and Marketing

INGENSA CAPABILITY STATEMENT

Why Choose InGensa?

Single-Source Accountability

From planning to development, estimate assessment, and project execution, we offer government entities a comprehensive, complete solution that provides single-source accountability.

Single-sourcing saves you time, money, and the challenges of managing multiple vendors for one project or initiative.

Customized Team

We create collaborative teams for our clients to provide master planning, project planning, facilities assessments, design (architecture, civil, mechanical, electrical, and structural engineering), and construction management.

Each team is customized to meet your needs and align to your mission and core values.

Tax-Sensitive Solutions

InGensa's full-spectrum, budget-neutral, and tax-sensitive solutions reflect communities of all sizes and consider their unique needs both now and in the future. Our facility solutions reduce utility and operational costs and create smart, healthy, and sustainable environments.

Leveraging our expertise in state legislation and financial structures, we consistently deliver on our knowledge of industry innovation, and place high value on the trust and satisfaction of all clients.
